About ExaGrid (25 words or less)

ExaGrid provides Tiered Backup Storage with a unique disk-cache Landing Zone, a long-term retention repository tier, scale-out and enables ransomware recovery.

About ExaGrid (50 words or less)

ExaGrid provides Tiered Backup Storage with a unique disk-cache Landing Zone that enables the fastest backups and restores, a repository tier that offers the lowest cost for long-term retention and enables ransomware recovery, and scale-out architecture which includes full appliances with up to 2.7PB full backup in a single system.

The Best of Both Worlds: **ExaGrid Tiered Storage**

Logos

ExaGrid logos can be downloaded [here](#).

Preference is to always use logo with tagline, if there are no space constraints. Plain logo is acceptable if needed.
